EXPERIENCE

EVERNEX GROUP - FP&A Intern **July 2026 - Present**

- Prepared and consolidated monthly financial reports and performance analyses for the FP&A team covering their 50 entities.
- Supported budgeting, forecasting, and monthly closing by tracking budget vs. actuals for a group operating across 165+ countries.
- Validated commission and bonus provision figures across subsidiaries, correcting misbooked renewals and inconsistent bases.
- Improved and streamlined financial models, reports, and Excel-based analysis tools, reducing preparation time by 75%.
- Coordinated with finance, sales and operations teams to ensure the accuracy and consistency of financial information.

HEXAGONE FINANCE - Cross-Asset Sales Intern **June - July 2025**

- Analyzed and contacted ~100 corporate profiles, securing about 10 first-contact meetings by assessing investment potential.
- Developed client presentation materials showcasing tailored investment opportunities across multiple asset classes.
- Conducted backtests on 5 distinct structured products to analyze performance and support client recommendations.
- Gained exposure to a broad range of asset classes, including private equity, structured products, and real estate.
- Designed and delivered finance training materials to enhance internal knowledge of the firm's products for a 15-person IT team.

SIPLEC - E.LECLERC - Intern in the renewable energy department **June - July 2024**

- Built a 20-year ROI model across 3 scenarios forecasting battery storage profitability for hypermarkets.
- Contributed to mapping 700 stores nationwide to accelerate E.Leclerc's energy transition in France.
- Presented recommendations to store owners to guide in-store energy investment decisions.
- Explored the electricity market and renewable energy solutions across B2B and B2C segments.

EXTRACURRICULAR ACTIVITIES

TradingView **January - May 2026**

- Simulated trading using derivative instruments (options and futures) studied in class.
- Developed and tested trading strategies, tracking performance and risk exposure.

TUTORING - Educational support for high school students **Since September 2023**

- Tutored three times a week to help pupils gain confidence, productivity, and performance in all subjects.

Association « Entraide Scolaire Amicale » **Since 2022**

- Provided educational support and tutoring for children from low-income families.
- Developed the local branch: recruited and trained over 20 volunteer mentors, coordinated field operations.
